Mentoring (Mentor and Mentee List) 2017-22

Each student in the department is assigned a mentor who supports and provides guidance for academic and personal issues. Around 20- 30 students are allotted to a mentor.

Mentoring aims at relationships focused on supporting the growth and development of the mentee. The mentor may be from the same discipline. Mentor maintains close contact with the mentee and meets them at regular intervals. A mentee who needs continuous help is met with increased frequency. Mentors strive to bring out the best in the mentee. Mentor refers to the mentee for professional help as and when needed. Mentors also contact the parents of the students if needed.

Departmental field study Field study on botanical Importance place 2017-22

Excursion or field study is an essential part of education. To study scientifically in our respective field, we are to travel different parts of the world. The word 'excursion' literally means pleasure education trip of a group of students. Through excursion a student gets to know and directly learn the practical things of life along with textual knowledge. The primary objective of our college excursion was to visit a place of botanical interest observe the plants in their natural habitat if also helps in cultivating the scientific mind of student. Botany deals with study of different plants in nature. Therefore, as a student of Botany it is our duty to know the plants, their role in human life, their uses etc.
