## **FIELD STUDY/ EUDCATION TOUR :**

**1. FIELD STUDY Topic on “ WORKING OF PANCHAYATI RAJ SYSTEM AND PEOPLES, PARTICIPATION IN PANIGAON GAON PANCHAYATS OF LAKHIMPURDISTRICT OF ASSAM “ DATE:-19-10-2019**

In recent years, In India, it has been paid much attention to the study about the Panchayati Raj Institution as well as its system. As we know well that it’s basic objective to evolve a system of democratic decentralization in rural areas and devolution of powers ,functions and authority to rural people with a view to ensuring rapid socio –economic development.

By considering the important of the working of Panchayatiraj System the Department of Political Science, LTK College had conducted a Field Study topic on “**WORKING OF PANCHAYATI RAJ SYSTEM AT PANIGAON GAON PANCHAYAT ON 19-10-2019** .All the facilities and students of the department of had taken part in the Field Study.

**Objective of the Study:** 1.To find out the real functioning of the PRI,S.

2.To find out whether the funds are utilise or not.

3. Whether are schemes are running in proper way?

4. To find out the peoples participation.

**Methodology:** Descriptive and Analytical Method had been used .Data were collected from primary sources.

For the purpose of the study, we had prepared questionnaires and with the help of the questionnaires we visited 40 Nos. of household of the Panchyats in order to know about the real functioning of Panchayati raj System in the respective Panchayat.

After face to face interaction among the respondents and answered given by the respondents as primary Data, we had found some unexpected realities those had been happening throughout the years and years. Here, we found that the Panchayat System had not been running in a proper way. Majority of Programmes and Schemes were not running as expected by the rural public. We had come into conclusion from our study that only 30% to 40% of the Govt. schemes had been implemented in this Panchayats. Corruption, Low quality of construction, misuse of Govt. funds and interference from political leaders, MLAs, High Official became common there. So, actual aim and objectives were not fulfilled in the Panigaon Gaon Panchayats.

## **2. EDUCATIONAL TOUR TO SIVASAGAR:**

### **Report on Educational Tour to Sivasagar, Assam, Year 2021– 2022**

Learning through field visits and educational tours is a different experience from classroom learning and is therefore conducted to make students learn things outside textbooks. It is done so that students can look into a particular topic from all possible perspectives enabling them to learn everything to the farthest extent possible. Educational tours are an excellent way for incorporating knowledge into young minds. This also helps students to learn and understand topics on their own without further explanations. Keeping these thoughts in mind the Department of Political Science, L.T.K. College undertook an Educational Tour to Sivasagar a place of historical importance known for its Ahom palaces and monuments located in Sivasagar district of Assam. It is situated at the south bank of Brahmaputra River.

#### **Objectives of the Field Study:**

- To gain first-hand knowledge about what they have studied in the textbooks about the historical monuments of the Ahom rule in Assam.
- To enable the students to develop and deepen capacity to relate theory to practice and also to relate the experience to theory.
- To integrate classroom learning with field practices.
- Development of self-awareness and values among the students towards the society.

Setting the trip on roll at 5.30 AM on the 5<sup>th</sup> of December 2021, the teachers of the Department of Political Science namely Mr. Prafulla Nath (HoD), Dr. Himajyoti Doley, Mr. Manabjyoti Phukan, Mr. Dulen Hazarika along with the 44 (Forty-Four) student participants of the tour prayed and wished a safe and enlightening journey. The bus we hired reached the historical Bogibeel bridge at 7.30 AM and halted for about 10-15 minutes to have glance of the mighty Brahmaputra from the bridge and to have a group photo session. It was a very sweet experience to have a view of the beautiful foggy morning and warm winter sunshine falling on our faces. Everyone's mind filled with joy, hope and enthusiasm. The trip was a kind of great learning experience for all of us the helped create a healthy bond between the teachers and the students which could enrich our knowledge horizon.

**Team of Political Science at Bogibeel Bridge, Date – 05/12/2021**

Our team reached Moranhat town of Sivasagar district at around 9.00 AM and our team stopped for breakfast. After about half an hour, the trip restarted towards Sivasagar and reached our destination at 11.30 AM. Our team decided to begin our educational exploration with our visit to the Kareng Ghar as our starting point. We booked our pass ticket where the guards had been very helpful and polite to us.

**1.1. Kareng Ghar:** The Kareng Ghar also known as the Gargaon palace is located in Gargaon; 15 Kilometres away from Sivasagar town. The Kareng Ghar represents one of the grandest and intellectual examples of the Ahom architecture. The bricks used to construct the palace is made of a mixture indigenous sticky rice known as bora chaul and duck eggs. It was built in the 16<sup>th</sup> century by the Ahom King Suklenmung (1540). In the 18<sup>th</sup> century Pramatta Singha, son of Rudra Singha constructed the brisk wall of 5 Kilometres in length surrounding the Gargaon palace. The palace was once used as the capital by the Ahom dynasty.

### **KARENG GHAR, SIVASAGAR, ASSAM**

The Kareng Ghar is one of the most tourist visited destination in Assam and attracts a large number of tourists owing to its historical and architectural beauty. The palace has a secret tunnel from Kareng Ghar to Talatal Ghar in Rangpur. It was used as an escape route in case of an enemy attack during battle.

### **Team of the Educational Tour at Kareng Ghar**

We were really mesmerized to see such an old monument constructed with lots of intellectuality by the Ahom rulers. Our students could gain a lot of knowledge from the visit to the palace which they lagged to know through books only. After observing the palace very closely we proceeded to our next target of our tour; Rang Ghar.

### **1.2. Rang Ghar:**

### **The Team at Rang Ghar**

The Rang Ghar means 'House of Entertainment' located in the Ahom capital of Rangpur is a two storeyed building which once served as the royal sports pavilion of the Ahoms where the kings and the nobles witnessed the games and sports like buffalo fights and celebrated Rongali Bihu festival. The Rang Ghar is surrounded by beautiful gardens in all the sides and has been conserved very well with many of the monuments that reflect the traditional practices of the Ahom dynasty. It is indeed a remarkable tourists spot as well as a learning site for students belonging to different disciplines. After witnessing the Rang Ghar the team again moved forward to visit the Talatal Ghar.

### **1.3. Talatal Ghar:**

**At Talatal Ghar**

The Talatal Ghar also known as Rangpur Palace is the largest monument built by the Ahom rulers. It is famous for housing two secret tunnels and underground structures within the palace. It was said to be a stronghold of the Ahoms during wars due to which it remains a popular tourist spot at the present times.

**Faculty Members at the Terrace of Talatal Ghar**

#### **1.4. Uttaran Museum**

**Team at Uttaran Musuem**

After visiting the and speculating the Talatal Ghar our team moved forward to another important place at Sivasagar; the Uttaran Museum where lots of invaluable collections were kept stored very beautifully. Some its collections were traditional implements belonging to different ethnic groups of Assam such as ornaments, handicrafts used in the daily lives such as fishing implement cooking utensils made of mud, bamboo and cane that were used in the earlier days by the different groups of people in Assam. After having visited the museum the students were acquainted to so many traditional practices of different groups of people and their minds were filled with new knowledge of the past. Our team spent a quality time in the museum and then we proceeded to have our lunch at a traditional cuisine named 'Maa Akhol' at around 3.00 P.M. After having our lunch we then proceeded to our last site of ou Educational Tour- Siva Dol.

## 1.5. Siva Dol

**Team at Siva Dol**

**Siva Dol** is a group of structures comprising three Hindu temples of namely Siva Dol (meaning the temple of the Lord Shiva), **Vishnudol** (meaning temple of the Lord Vishnu) and Devidol (means temple of the Goddess Devi Durga in the local Assamese language) shrines, and a museum. These are located on the banks of the Sivasagar ("the ocean of the god Shiva") tank, also known as the Borpukhuri tank, in the heart of Sivasagar, Assam. The tank was constructed between 1731 and 1738 and the temples were built in 1734 by Bar Raja Ambika, queen of Ahom king Swargadeo Siva Singha (1714–1744). The height of the Sivadol (*dol* means temple in Assamese) is 104 feet (32 m) and the perimeter is 195 feet (59 m) at the base. It is crowned with an 8-foot (2.4 m) high golden-dome. The structures reflect the talent and expertise of the Ahoms and the prevailing religious practices and belief systems of their period. We were very much mesmerized to see such wonderful historical monuments of the past.

### **Outcome of the Field Visit:**

With the visit to the historical place of the Ahom rulers in Sivasagar our students were very much benefitted and were insighted with new first-hand knowledge. Their minds were filled with curiosities and were introduced to new ways of looking at things which crossed their boundary of knowledge gained through book learning. Such kinds of field visits would really benefit the student and enhance the learning process and make a difference in acquiring knowledge.

- (ii) Sending PDF of online classes through Email and Whatsapp Group
- (iii) Sending assignment by Whatsapp Group

**SWOT analysis of the Department: (Strength, Weakness, Opportunities, Threat)**

**Strength:**

- i. Dedication of the teachers for the upliftment of the students.
- ii. There is always a friendly and cordial relation between the teachers and students in the department
- iii. We have always sufficient numbers of students in the departments.
- iv. The subject is been always so significant and has good academic values in the present and future prospects of knowledge in academic world.

**Weakness:**

- i. Insufficient permanent teaching faculty since the deficit of the College. Now ,we have only two Nos. of Faculty Members. Lacked of man power is the prime and everlasting problem of the department.
- ii. Parents and guardians of the students are not conscious about the higher education of the students.
- iii. Due to language problem the students are not able to access the 100% knowledge as they expected.
- iv. Most of the students of ours students are coming from so poor family background for which they cannot access sufficient numbers of books.

**Opportunities:**

- i. Growing enrolment in the Department.
- ii. As a rural college we have chance to introduce P.G. Course in the further after fulfillment of necessary requirement.

**Threat:**

- i. To protect students from negative use of social media.
- ii. To make healthy mindset of the students through education

1. Future Plan of the Department:

- To introduce a Gandhian Study Centre in the Department.
- To open a Human Rights Study Centre in the Department.
- Desire to form a Departmental Alumni Trust in the Department.
- To enlarge the Departmental Library.
- To organize more and more Departmental National Seminars and Workshops.
