

Minutes of IQAC Meeting

Date: 10th July 2023

Agenda:

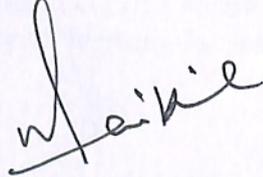

1. Inauguration of PMKVY courses.
2. Initiation of collaborations through MoUs.
3. Preparation for the Inter-College Youth Festival.

Discussion:

1. The PMKVY courses—Domestic Data Entry Operator under ITITes and Pedicurist and Manicurist in the Beauty and Wellness Sector—were finalized to be inaugurated in August 2023.
2. Discussed and approved plans for signing MoUs with The Assam Royal Global University, M/S ICT Academy, Panigaon OPD College, and GL Choudhury College.
3. Reviewed plans and logistics for organizing the Dibrugarh University Inter-College Youth Festival in January 2024, ensuring effective participation and smooth management.

Action Taken:

1. PMKVY courses were inaugurated on 5th August 2023, with active student participation in both domains.
2. MoUs were signed with the identified institutions by October 2023, enabling resource sharing, training, and academic collaboration.
3. A festival planning committee was constituted, and initial arrangements for the Youth Festival were completed by December 2023.

Minutes of IQAC Meeting

Date: 5th March 2024

Agenda:

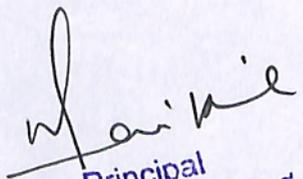

1. Review of IIC initiatives and activities.
2. Observation of National Science Day.
3. Training programs and workshops.

Discussion:

1. The Entrepreneurship Development workshop held on 19th February 2024 received positive feedback, and its impact was discussed.
2. National Science Day was observed on 28th February 2024, with seminars and student competitions.
3. A Training Program on Entrepreneurship Development through Mushroom Production and Value Addition, held on 11th and 12th March 2024, was reviewed for its practical implications and outcomes.

Action Taken:

1. Feedback from the Entrepreneurship Development workshop was compiled, and follow-up sessions were planned for future skill-building workshops.
2. The observation of National Science Day successfully engaged 300 students and 25 faculty members in scientific discussions and activities.
3. The mushroom production training program led to the establishment of a small-scale mushroom cultivation project at the college, providing hands-on learning for students.
